How to view the IJCLR 2022 live streamed talks

- ❖ Once you have found the session that you wish to watch, please note that the blue "Join session" button will appear on the session page five minutes before the session start time, allowing you to access the talk.

The screenshot shows a session page on the Bluecorp platform. At the top, there is a navigation bar with links for Home, All Sessions, Community, and Expo. On the right side of the header, there are icons for Chat, Q&A, Polls, and Survey. Below the header, there is a large image of a person wearing a futuristic-looking headband with a screen on it. To the left of the image is a circular profile picture of a woman with glasses and a blue blazer, identified as Janie Davis. Below her profile picture, her name and title are listed: Janie Davis, VP of Product Management, Bluecorp. The main title of the session is "Idea Muse: Helping Planners Dream Bigger", followed by the date and time: Wednesday, June 23, 10:15 AM-11:15 AM EDT. There is a blue "Add to calendar" button. Below the title, there are two buttons: a blue "Join session" button with a cursor icon pointing to it, and a white "Remove session" button. A descriptive text block follows, stating: "Planners want an aspect of excitement and innovation built into their events, but where can they look to get creative? The hotel, that's who. Recommended for: Hotel Chain Executives, Hotel Sales & Marketing Directors, Hotel Management, Hotel Ownership, Sales Managers." At the bottom of the session details, there is a short bio for Janie Davis: "Janie is the author of eight books, including Tech Wars, The Internet of Things, The Future of Innovation, and Meaningful Conversations."

- ❖ If you click the button before the live stream is started, you will see a message letting you know that the session will start soon.

How to view the IJCLR 2022 live streamed talks

- ❖ Once a talk has finished, it will be available as an on demand video. The on demand video's will appear on the "All Sessions" tab approximately 2 hours after the end of the live streaming. The option of on demand video only becomes available after at least one on demand video is available to view.

On demand Video's will appear in chronological order according to the date and time of their associated session.
